trend®
routing technology

DOOR STAND

- Holds door on its edge while routing hinge recess & mortise for locks.
- Holds door securely.
- Non-scratch base.
- Adjustable clamp for doors 32mm to 55mm thick.
- Allows door to be tilted back to assist fitting into frame.
- Maximum door weight 50kg.

DOOR LIFTER

- Foot operated lifter to support door while fitting into door frame.
- Foot operated freeing up the users hands.
- Slides under door and stays flat and stable until ready to activate the lift with users foot.
- Lifts door 38mm high and maximum weight 108kg.
- Made from plastic and non marking.
- Cam design with internal weight to keep level for ease of use.
- Ideal for pinned hinges.
- Hanging hole for storage.
- No need to use a chisel and bolster.
- Can be carried in a tool belt.

PPN35i Fuel Injection
System Gas Positive
Placement Nailer**

The first gas positive placement nailer on the market, the PPN35i makes light work of fixing joist hangers, truss clips, connector plates and strapping in even the most tight spaces. Three times faster than using a hammer and nails. Temperature performance - Intelligent fuel injection system delivers unrivalled cold weather performance with a working threshold of -15°C to +49°C

Applications:

Joists hangers
Sole brackets
Truss clips
Z-clips
Connector plates
Strapping

**Complete with 1 Battery
Charger & Carry Case**
